People of Action

Dear Mr. Minoo Jokhi,

I am writing to express our heartfelt appreciation for your outstanding contributions as a Mathemagician and Memory Development expert. Your remarkable talents have not only garnered recognition in over 125 newspapers and magazines but have also been showcased on television over 15 times, a testament to the awe-inspiring nature of your work.

Your dedication to the field is evident in the 85 articles on Memory Development that you have authored for newspapers, enriching readers with valuable insights and knowledge. Moreover, your live performances, including over 950 Mathemagic Shows in diverse settings, highlight the positive impact you have had on countless individuals, from schools and colleges to clubs and companies.

Your international reach is equally commendable, having performed seven times in Sri Lanka and once each in the USA, Canada, Spain, and Indonesia. Your ability to captivate audiences across borders is a testament to the universal appeal of your talent.

We also recognize and celebrate your unique distinction as the second honorary member of the Rotary Club of Bombay Hills South, following in the footsteps of General Sam Maneckshaw. Your commitment to service and excellence aligns seamlessly with the values of such an esteemed organization.

Your contributions have not only enriched the world of Mathemagic and Memory Development but have also inspired and entertained audiences on a global scale. We extend our sincere gratitude for your dedication, innovation, and positive impact on individuals and communities alike.

Your recent session with our club members on November 30,2023 was a super hit with all of us having a memorable event of insightful experience with your artful skills of making us learn mathematics in most simplest manner.

Thank you for being a trailblazer in your field and for bringing joy and wonder to those fortunate enough to witness your talents.

Warm regards,

Srinivas Nagesh
President
