

Minoo Jakhji, a shy and timid kid and one who was weak in Maths, with his "never ever give up" attitude has become mathematical memory wizard today. Till his 10th std; Minoo struggled to even do 2 and 3 Tables. With his passion and commitment he started working on Maths. Today Minoo remembers tables up to one crore; remember over thousands of date of births, mobile and telephone num-

bers, can tell the day of any date from 1st January 1600 to date. He also remembers Cube Roots up to hundred crores. He has also been featured in over 120 Newspapers and has come over 15 times on Television. He has also written over 80 Articles on Memory Development Topics to various newspapers. The talented mathematical genius Minoo has many achievements to his credit. He has performed over 950 Mathemagic shows and has been 7 times to Sri Lanka and once each to USA, Canada, Spain and Indonesia. He has come over 15 times on Television and 5 times on All India Radio. He has also performed in many parts of India like Bangalore, Dharampur, Chennapatna, Rajkot, Ahmedabad, Navsari, Chennai, Kerala, Kolkata and Laxavala. Minoo has been encouraged by his mother Kavy who brought up him and his younger brother Hashang amidst many difficulties. And all that Minoo saw in life has made him determined to always be a good human being. He is passionate to teach. Minoo ensures that his students understand how the memory has to be trained and how things learned once can never be forgotten. He also teaches personality-development, public speaking and basic-early-advanced English. Minoo can be contacted on 9821487519 or email: minoojakhji@rediffmail.com by anyone who desires his services. He also has a website www.minoojakhji.in
