

EXCLUSIVE TALK : SUPER MATHEMAGICIAN DYNAMIC MINOO JOKHI

Sherman Alexie had rightly said "The quality of a man's life is in direct proportion to his commitment to excellence, regardless of his chosen field of endeavor." And one proper of this is Maths Wizard Minoo Jokhi. Many a times, human beings have many problems to face in life and many of them succumb to life's pressures but only few defy all odds and don't give up. Minoo is one such Amazing Example.

Minoo was a shy and timid kid from a broken family - one who was the weakest of the weak in Maths and one who saw multiple problems, yet Minoo faced every challenge that has been thrown to him bravely. People do tend to avoid their weaknesses. But Minoo made his weakest point his BIGGEST ASSET. Famous Brazilian Lyricist Paulo Coelho has correctly said "The secret of life is to fail 7 times and to get up 8 times. However Minoo failed, he never gave up. Minoo was very unhappy that he was a Big Failure in Maths. Being ridiculed by all around him, Minoo started to learn basic TABLES upto 20. He would add and subtract bus numbers and all vehicles numbers. These small exercises when done on a regular basis became a Number Crunching Habit with Minoo. Encouraged by his dear mother Katy, Minoo soon started to love Numbers. His mother is a wonderful person who fully encouraged Minoo and she brought up him and his younger brother Hoshang up single handedly amidst lots of problems really well. Minoo loves both his mother and brother a lot. Whatever level he may have reached today, but the down to earth Mathemagician hasn't forgotten his past. Today Minoo remembers tables up to one crore, can multiply figures mentally at amazing speeds, can remember over thousands of Date of Births, Mobile and Telephone numbers, can tell you the day of any date from 1st January 1600 to date, ask him which date was 18th July 1985 and instantly he can answer it was a Thursday. He also remembers Cube Roots up to hundred Crores and many such mental feats. In many Maths Skills, Minoo can defeat the Calculator. He is indeed super quick. He has been featured in over 120 Newspapers and has come over 15 times on Television. He has also written over 80 Articles on Memory Development Topics in various newspapers. Minoo Jokhi is the Second Indian after General Sam Manekshaw to have been conferred the prestigious Honorary Membership of the Rotary Club of Bombay Hills South. He has performed abroad too at the 7th World Zoroastrian Congress, USA in the year 2000 and at the International Medical Congresses held in Sri Lanka in 2002, 2003, 2004, 2005, 2007 and 2012. He also went to Sri Lanka in 2014 and performed 6 Mathemagic Shows. He has also performed at the Parliament of World Religions held in Spain, Barcelona in 2004 and represented India as the only youth Speaker at the Quest for Global Healing Conference in Indonesia in 2006. He also performed at the North American Zoroastrian Congress in Toronto in 2007 and won the hearts of Canadian people there. He loves India and Canada a lot. He has also performed in many parts of India like Bangalore, Dharwad, Chennai, Rajkot, Ahmedabad, Navsari, Chennai, Kerala, Kolkata and Lonavala. Passion is something an individual needs always as only a passionate and ever ready to learn individual can achieve success in life. Minoo is extremely passionate for all that he does. And he is also very photogenic. He is 45 years age and will be 46 on coming 0th February but looks as if he is in very early thirties. He has remarkably maintained himself well.

Minoo forte and expertise foremost is in conducting classes in Maths and Memory Development where he has created over 40 levels of Maths and Memory Enhancement Techniques Courses starting from the Basic Course and he taught students from the age of 4 and he has also taught seniors in their sixties, seventies and even eighties. He sees to it that his students understand how the Memory has to be trained and how things learned once can never be forgotten. His course is COMPLETELY FUN CUM LEARN. He engages his kids thoroughly and there is never a dull moment in his class. Children love his classes a lot. Minoo remembers his own childhood which was humble and he strives to ensure that all kids who come to him should learn and enjoy and be happy. He also teaches

Personality-Development, Public Speaking, Mathematics and Basic and Advanced English. Minoo is not just a teacher but also a friend cum guide to his students. Anyone wanting to learn from him can call him on 9821407519.

Minoo loves to share Math Tricks. E.g. what is 115 multiply by 115. First multiply 5 and 5 which is 25 and take 11 and multiply it by the next number 12 and the answer is 132 and total answer is 13225.

Having seen CRISIS all his life as well as problems the world faces, Minoo has his own thought and definition of CRISIS which is:

- C--- Create new choice and skills and thoughts
- R--- Rewrite your passions
- I--- Introspect your mind, body and soul
- S--- Stretch yourself to the fullest
- I--- innovative ideas and inspire yourself
- S--- Synergize your positive strength

While we all were starting life all over again forgetting the horrible Corona virus, it is re-emerging in some parts of the world. Minoo urges all to be Optimistic, Hopeful and face this bravely. Minoo is positive that the MUMBAI, MAHARASHTRA, INDIA and the WHOLE WORLD will survive this and the bad times will go away. To build Good Health and Immunity, Minoo advises all to do Physical exercise for 30-40 minutes minimum as it has a great effect on your cognition and overall being.

(4) Useful Tips Minoo gives to school and college students to study effectively include:

- 1) Begin on time: Start your work on time and do not waste time on trivial things.
- 2) Self-assessment: Study time should be genuinely effective. See if you really studying or frittering away time.
- 3) Time-Management: See that proper time is allotted to each subject and to each part of all the subjects. Do the difficult questions first when more fresh.
- 4) Regular Breaks: Divide and plan the work and allow time for recreation. Rest relieves fatigue, not boredom, so a difficult task may be even more difficult after a break. Take your breaks properly.

Minoo also is a Numerologist and provides Numerology Consultations. His future plans include writing books on Memory-Development and also do Acting and Modeling. He has acted in the TV Show Nagri 3 playing the role of a Pandit. He also has appeared in Bingo Comedy Adda. He has also acted in Short Films and Plays. Minoo is also a talented cricketer and has played Cricket matches too. He was interviewed by ALL INDIA RADIO on many occasions. He despite all the struggles, trials and tribulations is very optimistic about life. The best thing about this Mathemagician is that he is hungry to learn constantly and is very adaptable. He is a brilliant Public Speaker having won 15 first prizes is an LIC Agent, has been a Green Belt in Karate and is an avid Yoga Performer. He has also made a name for himself in Lawn Tennis where he has won various trophies at the club level. He has also run in 21 kilometres, 11 kilometres and 10 kilometres Marathon successfully talking more about Maths, Minoo trains students to learn Tables, Squares, Cubes all with ease. He demonstrates an observation:

12 times 12 = 144
21 times 21 = 441
And
13 times 13 = 169
31 times 31 = 961

Minoo wants people to be good in Observation. According to him, a person with a good power of Observation has alertness and a good presence of mind. E.g. Newton saw the apples falling from the tree and discovered the Law of Gravity. Also he adds study for 30 to 45 minutes with full Concentration rather than 3-5 hours in an absent-minded frame of mind. You cannot be productive in work, study or anything else without Concentration.
